American Gunboat Is Or-  
dered to Chinese Waters  
By Uncle Sam.

## RUMORS FROM ORIENT

The Dowager Empress Will  
Not Oppose Entrance of  
Foreign Troops.

## JAPAN WILL WATCH RUSSIA

(The Postal Telegraph Company posted a bulletin in Janesville at noon today stating that Japan had declared war against Russia. The Western Union, Scripps McRae League and the Associated Press on inquiry by The Gazette deny the report. They claim they have no such advices and say the report is a canard.)

Washington, June 13.—[Special Telegram]—Gunboat Yorktown has been ordered from Shanghai to Cheefow by Kempt.

Dowager Empress Retains.  
Paris, June 13.—[Special Cablegram]—A telegram from Peking says the Dowager Empress has directed the taungliamen to form a delegation of the government not to oppose the entry of foreign troops into Peking.

Foreign Troops Not in Peking  
Washington, June 13.—[Special Telegram]—The latest dispatches from Minister Conger indicate that the foreign troops have not yet reached Peking, but are progressing rapidly. The state department believes that when they reach there they will be fully able to protect the lives of the foreigners and are expected to bring about an immediate improvement of the situation. The department claims to have no information of the alleged outbreak at Chefoo, neither will they admit receiving word of the desire of Russia to act entirely in concert with the powers and without the ulterior object of acquisition of territory in China.

Rushing Plans For War.  
St. Petersburg, June 13.—M. Sepyagin, imperial minister of the interior, on the request of the ministers of war and marine, has issued circulars prohibiting the Russian press from publishing news concerning the red-hot war preparations now making both in Russia and Japan or the movements of the Russian and Japanese fleets in Japanese, Korean and Chinese waters.

It is expected that as soon as Russia begins threatening, repressive activity toward China, of which it has already given notice, M. Komura will convey Japan's ultimatum to the St. Petersburg government.

Has 24,000 Troops Near Port Arthur.  
Four thousand Russian troops have already been placed on board warships at Port Arthur, and these vessels are now cruising watchfully in Chinese waters. There remain 20,000 men in the Port Arthur barracks, all ready to embark for China when the rush order comes.

More orders are en route for Port Arthur and Russian warships are gathering daily at Cronstadt, destined for reserve service in China and Asia generally.

Takes German Troops to China.  
Berlin, June 13.—The German transport Koenig, which left Kiel May 10 with 800 men, is expected to arrive at Tientsin shortly from Kiaochow. From the force on board detachments will be sent, in case of need, to the troubled quarters in China.

## KILL THE JAPANESE CHANCELLOR

Brutally Murdered By Soldiers At Tung-Fu-Siang.

London, June 13.—The Times, in an extra edition, publishes the following dispatch from Peking, dated June 12, 2 p. m.:

"The chancellor of the Japanese legation, Sugiyama Akira, while proceeding alone and unprotected on official duty, was brutally murdered by soldiers of Tung-Fu-Siang, the favorite bodyguard of the empress, at the Manigate railroad station, yesterday.

"The foreign re-enforcements are daily expected. The present isolated position of Peking, the destruction of foreign property in the country and the insecurity of life are directly attributable to treachery of the Chinese government."

The latest news from Pao-Tung-Fu is that the "Boxers," 6,000 strong, are attacking the Catholic convent there. The situation is critical and the officials are evidently inactive. The United States warships Nashville and Monocacy are reported at Taku.

Sixteen British marines, reconnoitering in advance of the international column marching to Peking, fought and chased 2,000 "Boxers" Monday, killing twenty or thirty. A correspondent accompanying the column, in a dispatch

dated Tien-Tsin, June 12, says:

"While the working parties, accompanied by a patrol of sixteen British marines, commanded by Maj. Johnson, were repairing the line Monday eight miles beyond Lofa they encountered small parties of 'Boxers' who were destroying the line. The 'Boxers' moved away from the advanced marines and apparently dispersed into the country, leaving the rails moved and the sleepers burning.

"The marines, when two miles in advance of the first train, near Lang-Fang, suddenly perceived boxers streaming from a village on their left. It was estimated that they numbered 2,000, some of them being mounted, and they were trying to get between the marines and the train. Most of them were armed with spears and swords. A few had firearms, which they handled awkwardly.

"The marines retreated, keeping up a running fight for over a mile and killing between twenty and thirty boxers.

"The boxers pursued the British for some distance. Then, seeing more marines from the train coming to their assistance, Major Johnson's sixteen halted and poured a heavy, continuous fire into the crowd, driving them across the front of the reinforcing blue jackets, who punished the boxers severely with Mexicans.

## BOTHA IS DRIVEN BACK BY ROBERTS

Dispatch Explaining How Communica-  
tion With Kroonstadt Was Restored.  
—Losses Not Serious.

London, June 13.—[Special Cablegram]—Communications north of Kroonstadt have been restored as shown by the following dispatch from Gen. Knox, dated at Kroonstadt, June 12, Roberts requests me to forward the following from Pretoria, under date of June 12:

"Pretoria and Johannesburg are quiet. The inhabitants express gratitude over the prevailing peace and order. After surrendering the city Botha retired fifteen miles east on the Middleburg road. He had a small force first, but in a few days his numbers increased. His being near Pretoria kept up the excitement in the country and prevented the burghers from surrendering their arms. It also interfered with our collection of supplies, therefore it became necessary to attack him which we did on Monday.

"Botha held a very strong position and was practically unassailable in front which enabled him to place the main portion of his troops on his flank, which he knew was vulnerable. I sent French with Porter's and Dixon's brigades and Hunter's mounted infantry around our left and Hamilton with Broadwood's and Gordon's cavalry brigades, Rilday's mounted infantry and Bruce Hamilton's infantry brigade around our right.

"Both columns met with great opposition but almost gained the key to the enemy's defense. When I left Carew was on the line held by the enemy in the morning."

"I hurried back to get the news of Methuen. Hearing that the enemy had interrupted his communication I sent Kitchener south to the Vrede to communicate with Methuen.

"These officers met on the Vrede road June 10, and marched yesterday where Methuen gained a complete victory over Dewet, took his camp and scattered his troops.

"He and Kitchener marched today towards Kroonstadt. It will not take long to repair the railway. There need be no apprehension regarding the security of the army. Our losses yesterday, I trust, are not serious, but I deplore the death of the Earl of Airlie and Major Cavendish. Kroonstadt is safe."

## DEWEY MADE A MACCABEE

Before Accepting He Asks "Is There Any Politics In It?"

Grand Rapids, Mich., June 13.—Admiral Dewey was made a Maccabee today, the honorary degree being conferred upon him by Great Commander N. S. Boynton. When the admiral was told that there were 147,000 members of the order in Michigan, he asked humorously, "Are they all democrats?" He demurred slightly at first to the conferring of the degree upon him, asking if there was any politics in it. On being assured that the Maccabees were non-partisan, he accepted the degree and the badge which Maj. Boynton presented.

## SCHLEY WOULD NEVER RUN

Reiterates His Statement Not to be a Can-  
didate

Philadelphia, Pa., June 13.—The Times says editorially: "The name of Rear Admiral Schley has been repeatedly suggested as on the list from which the democrats would be likely to choose their candidate for president or vice president. Admiral Schley was especially careful before going to sea in command of the South Atlantic squadron to declare to his friends that under no circumstances would he consent to become a political candidate. This refusal is repeated in a private letter to the editor of The Times dated Rio Janeiro, May 15

## BADGER DEMOCRATS ARE FOR W. J. BRYAN

SILVER NOT MENTIONED IN THE  
PLATFORM ADOPTED

But the Chicago Platform of Four Years  
Ago Is Endorsed—Rose Has a  
Narrow Escape From Defeat—  
Wall-Ryan Fight Is Not Yet Set-  
tled.

Milwaukee, Wis., June 13.—The democratic convention that met here yesterday for the purpose of electing four delegates at large to the national convention, pledged the Wisconsin democracy to W. J. Bryan. Silver was not mentioned in the platform adopted. The orators even in their impassioned moments, and there was much of fervid talk, did not forget it, and all through the proceedings there were evidences that an armistice had been arranged between the silver wing and the adherents of the gold standard.

When it came to denouncing imperialism and trusts and oppression, to standing for the declaration of independence and William J. Bryan and pledging a general reform in governmental methods, the leaders of the Wisconsin democracy talked in very loud tones.

Applause for the Boers  
When the platform was read the most vociferous applause was accorded to the paragraph expressing sympathy for the Boers. It lasted several minutes. But the convention was enthusiastic throughout. It was also a tangled and happy-go-lucky convention at times. It took one hour and twenty-two minutes to straighten out the first ballot for delegate at large, by which David S. Rose was chosen. Then the convention adjourned for supper.

Through all this the fight against E. C. Wall, member of the national committee, was conducted by T. E. Ryan and his friends with great vigor. At the beginning the Ryan men were confident they had Rose as their supporter. In the afternoon the Ryan men and the Wall men united in declaring they did not know where the mayor stood, and the Ryan men were telling the truth as they knew it.

The following delegates were chosen:

Delegates-at-Large  
David S. Rose, Milwaukee.  
George B. M. Hilton, Oshkosh.  
D. L. Plumer, Wausau.  
Louis G. Boharich, Kenosha.  
District Delegates  
First—Gilbert T. Hodges, Monroe, R. E. Richardson, Burlington.  
Second—J. E. Maloney, Juneau; Job Mills, Lodi, Columbia county.  
Third—J. Montgomery Smith, Mineral Point; C. F. White, Ontario, Vernon county.  
Fourth—Frank Falk, Milwaukee; Clinton Bonham, Milwaukee.  
Fifth—T. P. Ryan, Waukesha; Charles Wieso, Sheboygan Falls.  
Sixth—F. B. Hoskins, Fond du Lac; W. F. Nash, Two Rivers.  
Seventh—W. H. Frawley, Eau Claire; R. B. McCoy, Sparta.  
Eighth—J. M. Baer, Appleton; W. W. Crane, Weyauwega.  
Ninth—John Noonan, Oconto; Julius Thielmann, Merrill.  
Tenth—W. H. Stafford, Chippewa Falls; G. C. Cooper, Oconto.

## GENERAL RAIN IN NORTHWEST

Crops Will Be Immensely Benefited by  
the Heavy Downpour

St. Paul, June 13.—Special reports show that a general rain prevails throughout the entire Northwest and moisture has fallen at some points for the first time in many weeks.

The rain is heavy but there is an absence of wind, and it will be of great benefit to the crops. The recent rain was copious, but it was not as general as the one that is now prevailing.

With this additional moisture some of the crops will be able to withstand a long drought, and crop prospects are undoubtedly greatly improved.

## SEVEN GOLD SEEKERS DROWN

Party Was Proceeding in a Snow on Lake  
Bennett.

Seattle, Wash., June 13.—The rumor that seven persons in one party were drowned in Lake Bennett about the first of the month through overturning of a scow is told in the latest Alaskan papers received here. They were W. J. Morgan, Mrs. Playmate, Mrs. Werner, C. E. Peabody, Joe Rose and two men whose names could not be learned, all from Skagway.

Six head of cattle and a quantity of provisions made up the cargo with which the craft was loaded. It is said that the scow was too heavily loaded.

Fire at Rhinelander, Wis.

Rhinelander, Wis., June 13.—[Special Telegram]—Fire presumably originating from a locomotive spark, burned lumber in John Godkin's yards, valued at \$15,000. It was insured for its value.

Britain Counts Big Losses

Wisconsin for Bryan.

Milwaukee, Wis., June 13.—The democratic convention that met here for the purpose of electing four delegates at large to the national convention pledged the Wisconsin democracy to W. J. Bryan. The platform denounces the republican party and condemns trusts. The following were chosen as delegates at large: David S. Rose, George B. Hilton, D. L. Plumer, Louis J. Bommerich.

## BRYAN AND JONES MEET IN CHICAGO

ANXIOUS TO SMOOTH OVER  
THINGS WITH THE POPS

Senator Butler and Pettigrew in Con-  
ference With the Leaders—Mayor  
D. S. Rose Mentioned for Tempora-  
ry Chairman of the Kansas City Con-  
vention—Democratic Emblem.

Chicago, June 13.—Colonel William J. Bryan reached Chicago at 9 o'clock this morning and spent the day in consultation with Senator Jones, chairman of the national committee. The political situation was revived by the probable nominees for the presidency and matters referring to the coming convention were considered.

Senator Marion Butler of North Carolina and Senator Pettigrew of South Dakota, conferred with the two leaders of the democratic organization over the unification of the forces opposing the republican party.

Thomas For Temporary Chairman.  
Governor Charles C. Thomas of Colorado probably will be temporary chairman of the Kansas City convention. The subcommittee in charge of the arrangements for the convention will meet at Kansas City on Friday, when the selection of the temporary presiding officer will be made. In addition to Governor Thomas men suggested for the place are Mayor Rose of Milwaukee, Congress James T. Richardson of Tennessee and John Atwood of Kansas.

Democrats Have an Emblem

A democratic party emblem has been selected by the executive officers of the national committee. It consists of a three-leaf clover with an arched scroll. The clover is enameled in green and the scroll is red—the clover being representative of the common people because of its universality. On the scroll and clover leaves is the inscription: "Democracy stands for republic, not empire; bimetalism; not monometalism; people, not trusts."

Bryan Will Keep Quiet

The supposition at headquarters is that Mr. Bryan will remain at home during the convention. One of the attaches at headquarters made this prognostication: "Bryan will not say anything until the committee goes to Lincoln to notify him of his nomination, and I would be willing to bet that nine-tenths of the speeches he makes during the campaign will be made at Lincoln."

## GIVEN A PREY TO ANTS

Terrible Torture of an American at the  
Hands of Indians at Sinoela,  
Mexico.

El Paso, Texas, June 13.—News reached this city today of the terrible punishment and final death of James Wilson, an American prospector, at the hands of the Mago Indians in the state of Sinoela, Mexico. Wilson was a prospector in the mountain of Sinoela, and his camp was situated near the Indian reservation. He was familiar with the Indians and often visited their camps.

He became enamored of a pretty young girl, and induced her to go to his camp. This was kept up for some time and once she remained over night. Finding her father angry she declared that Wilson had taken her by force and abused her. A posse was sent for Wilson, and he was brought before the chief, who ordered that he must die, and that the death must be in terrible form.

He was stripped of all his clothing and staked to an ant hill common to that section. The ants covered him, and the flesh was soon eaten from his bones, and he died in agony two hours later.

## BRYAN OFF FOR WISCONSIN

Leaves Lincoln, Neb., in Company With  
His Wife and Children.

Lincoln, Neb., June 13.—William J. Bryan, with Mrs. Bryan and the children, left last evening for Chicago. At that place today Mr. Bryan will be joined by Senator Jones, chairman of the democratic national convention and Col. W. C. Wetmore of St. Louis, and the three will go to Minocqua, Wis., on a fishing trip. Charles A. Towne is expected to join them in Wisconsin.

Small Fire at Beloit

Beloit, Wis., June 13.—[Special Telegram]—About two o'clock this morning fire was discovered in Joe Martin's meat market on West Bridge street. An alarm was turned in and in a short time the fire was extinguished. It is thought that the fire originated from an adjoining chimney. The loss is thought to be from \$200 to \$300.

## GERMANS GROWING IN BRAZIL

Consular Reports Indicate Growing Im-  
portance of Teutons

Rio Janeiro, June 13.—According to a report presented to their government by the German consuls in South America, the eastern coast alone has from one to one and a half billion of marks employed in railroads. Six hundred millions of German capital is employed in Brazilian enterprises, 200,000,000 in Venezuela, 100,000,000 in Colombia, 120,000,000 in Peru, 270,000,000 in Chile, 600,000,000 in Argentina and 100,000,000 in Uruguay.

In Rio Janeiro, San Paulo and Rio Grande do Sul there are over 300,000 German firms, with a capital of 300,000,000 milreis. Out of 17,000 foreigners in Paraguay, 12,500 are Germans. The government of Bolivia has contracted with German officers to serve as military instructors to the army and national guard.

## FOUR ARE DEAD IN THE RUINS

Fire Destroys Weidman's Cooperative  
Works in New York

New York, June 13.—[Special Telegram]—Fire destroyed the Weidman Cooperative Works, August Benedict, John Lockwood, Charles Colwell and an unknown man, are dead, all employees.

## CLANS GATHERING AT PHILADELPHIA

VICE PRESIDENTIAL MATTER  
STILL IN DOUBT.

Both Roosevelt and Allison Decline—  
Tide Is Setting Toward Either Bliss  
or Dolliver—Payne's Representation  
Plan Will Be Pushed—Republican  
Convention Gossip.

Philadelphia, Pa., June 13.—If any sign this early can be regarded as a portent of the outcome of the republican national convention, then the one great popular question of the vice presidency bids fair to be settled in one of two ways and both unexpected. One way indicated is the nomination of Cornelius N. Bliss of New York. The other is the nomination of John P. Dolliver of Iowa. Ordinarily a prediction made at a time so remote from the actual balloting would be worthless.

New York Is Silent

New York has yet to speak, and will not speak until next Monday night, when the delegates caucus. Then, again, nearly everybody agrees that the vice presidency will not be settled until Governor Roosevelt walks into the convention hall. New York may not put a candidate forward, and thus invite the convention to nominate Roosevelt.

These considerations must be weighed in surveying the field, with the convention a week distant in the future but the indications today run first to Bliss and second to Dolliver. If New York is to have the vice presidency the prominent republicans here say it must take Bliss and take him quickly.

If New York does not take Bliss then they say Dolliver is going to run away with the prize and the only opposition to Dolliver seems to come from the senate, whose members do not relish the idea of the house dictating the nomination.

Representation Up Again.

The old question of representation in republican national conventions which agitated the national committee at its meeting in Washington last December is more than likely to come to the front at the national committee meeting tomorrow. The resolution of Henry C. Payne of Wisconsin, presented at last winter's meeting, and which was withdrawn before it was put to a vote, will again be presented.

Gov. Roosevelt Remains Firm

Albany, N. Y., June 13.—Gov. Roosevelt again today reiterated his former statement relative to accepting the vice presidential nomination on the republican national ticket which he absolutely declined.

"I have nothing to add," said the governor, "to what I have already said. My decision is irrevocable."

Allison Also Declines

Washington, June 13.—"I will not have the vice presidency. It cannot be forced upon me. If I should be nominated at Philadelphia I will decline," will refuse to run. Like Governor Roosevelt, my decision is irrevocable." So said Senator Allison today. He was very much in earnest.

General Grant Wins a Battle

## LEECH LAKE REDS TO TAKE WARPATH

Situation at Northern Minn-  
nesota Reservation Grow-  
ing Worse Hourly.

## GHOST AND WAR DANCE

Indians Are Nearly All Arous-  
ed and Make Threats  
Against Whites

## FEAR A GENERAL MASSACRE

Walker, Minn., June 13.—The Indian situation on Leech Lake reservation is growing worse hourly, and it is believed that before the end has been reached there will be a pitched battle fought between the red men and the whites.

Ghost and war dances are now being held continually on Squaw point, where nearly 1,000 Indians have gathered to listen to the words of Gway-Tay-Gonce, the alleged messiah and the disturbance has extended to the White Earth reservation, many miles south of Leech lake, whither Indian runners were sent.

The Indians are nearly all armed, their rifles not having been taken away two years ago, when there was a conflict with the United States troops and mutterings of vengeance against the settlers in the northern portion of the state are growing ominous.

Gway-Tay-Gonce, the messiah has been released from custody by Indian Agent Mercer and is now redoubling his efforts to bring about an uprising on the part of his braves. His success seems likely.

Prophecy Proves False.

The fact that the great cyclone predicted by the messiah for June 11, which was to destroy all of the white men on the reservation as well as the red men and women who live in the houses furnished by the government, did not materialize has split the tribe into two factions, one standing by the messiah and accepting in good faith his explanations that the great spirit has merely delayed the storm until the soldiers should have come, and the other faction seeking the blood of the false prophet, who has drawn them into more trouble with the great father in Washington.

As soon as Gway-Tay-Gonce was released from custody yesterday he departed for Squaw point, where the ghost and war dances are being held. The number of his adherents has grown from 500 to nearly 1,000, and the braves are getting ready to repel the threatened visit of the white officials of the reservation who are determined to put a stop to the dances.

Whisky has found its way onto the reservation in large quantities, it is alleged, and this has added fuel to the fire burning in the breasts of the red men. To complicate the situation, the faction that places no reliance in the prophecy of the messiah has organized and started to kill Gway-Tay-Gonce. These Indians have refused to co-operate with the agency officials, and a three-cornered fight is looked for.

Fear a General Massacre

Many of the white women living on the reservations, as well as all of the employees at the various Indian schools, have begun to depart, fearing a general massacre before the end of the week, and the authorities are powerless to stay the alarm that is felt all through the state.

The officials are greatly alarmed at the condition of affairs, and consider it significant that the ceremonies being performed by the Indians are never indulged in except just prior to a battle or a general uprising and leaving the reservation.

Camping at various points on Leech lake are several hundred members of the Federation of Women's clubs, recently in convention at Milwaukee, and toward these women the red men are assuming a defiant and insolent attitude. Many of the Indian police on the reservation have joined forces with the messiah.

## AN EAU CLAIRE BOY ELOPES

Dresses Up the Girl as a Boy and Leaves  
Tacoma on Horse.

Tacoma, Wash., June 13.—Sherman H. Enos, the son of Charles N. Enos, a rich Eau Claire attorney, and Miss Frances Barrowe eloped from Seattle last Saturday. The couple hired two horses at a livery stable and requested that men's saddles be put on. When last seen they were dressed as two boys and were making for Eastern Washington. It is said that Mr. Barrowe and his daughter did not agree, and that she left home to earn her own living.

## MR. BRYAN'S BANK ACCOUNT

Assessment of the Nebraskans' Personal  
Property

Lincoln, Neb., June 13.—The reports of the city assessors show that William J. Bryan pays more taxes on personal property than any other man in Lincoln or Lancaster county. In 1889 his property was assessed at \$2,890, and this year at \$4,560. The increase is mostly in bank accounts and credits.

## DROUGHT RELIEVED BY RECENT RAINS

### HEAVY FROST ON FRIDAY NIGHT NEAR MARINETTE.

Early Corn Plantings in Good Condition—Winter Wheat and Rye Heading Out Fairly Well—Oats and Barley Injured Some—Hay Crops Will Be Light.

The Wisconsin Climate and Crop Service issues the following bulletin for the week ending last night: The average temperature for the week was slightly higher than last week, especially over the southwestern counties, ranging from 70 degrees over the lower Black River valley to 54 degrees along Lake Superior. The nights were quite cool during the latter part of the week, the temperature approaching the frost point in the northeastern counties. At Pembine, Marinette county, a heavy frost occurred on Friday night, "killing tender vegetation."

The drought in the northern and central portions of the state was relieved to some extent by the local thunderstorms, accompanied by moderate rains, which occurred in many localities on Wednesday night. These storms appear to have been more general over the northern portion of the state than elsewhere, and were of the greatest benefit to the favored localities. On Saturday and Sunday rains of a general character occurred, especially in the central and southern counties, and although on account of the extremely dry condition of the soil more rain would be of benefit in most sections, it is believed that the drought is practically broken for the present, except in a few isolated localities where the rains are reported too light to be of material benefit.

Early plantings of corn have generally suffered but little from the drought and are in good condition, but the later plantings have in many instances failed to germinate and will have to be re-planted. In those sections where the moisture has been sufficient the crop is in good condition.

Winter wheat and rye are heading out fairly well, although the straw is very short.

The drought has seriously injured the oat and barley crops in many localities, especially on high land. The recent rains will undoubtedly improve the prospect, but the damage in some places is irreparable.

The rains will improve the pastures, but the hay crop will be very light and in some localities almost a failure.

Transplanting of tobacco is progressing slowly, on account of the dry weather, but the recent rains will improve the conditions greatly. The plants are generally healthy and strong, having been kept growing during the dry weather by irrigation.

Small fruits have been injured by the continued dry weather. The prospect is good for an abundant crop of apples, plums and cherries.

## DANCING PARTY GIVEN BY SENIORS

About Forty Couple Were in Attendance at What Proved to Be a Most Delightful Affair.

About forty couple attended the senior class party held last evening at Assembly hall under the auspices of the class of 1900 of the Janesville High school. The party was a very pretty one many of the dresses being made for the occasion. Green and white bunting formed the decorations. Six powerful electric fans made the air cool. On the wall in the rear of the orchestra stand was the class motto: "We Finish to Begin, J. H. S., '00."

Prof. Johnny Smith and his excellent orchestra furnished music that is always sure to please the dancers. At one o'clock the last waltz was played at what proved to be a most successful party.

Much credit is due the committee of arrangements, consisting of Glenn G. Snyder, P. W. Kimball, Raymond Yates, Harry C. Atwood and Walter W. King. The decoration committee was the Misses Jessie L. Spellman, Margaret T. Whiton, Nellie M. Cassidy, Margaret M. Barker, Jeanette E. Sayre, Messrs Joseph D. Hayes, Oscar F. Halverson, Jabez M. Isaac, Francis J. Baker, Ernest F. Kneip and Geo. C. Farmer.

## DR. ROGERS HAS RESIGNED

Northwestern University at Evanston Looking For New President.

Evanston, Ill., June 13.—Dr. Henry Wade Rogers resigned the presidency of the Northwestern University yesterday, and his resignation was accepted. His action was precipitate, although it was not unlooked for. The great Methodist university has lost its president, and his successor is not yet in sight, although there is some talk of Robert D. Shepard, at present treasurer of the university and professor of history.

Some of the friends of Dr. Rogers infer that he was edged out of the position by members of the board of trustees, who had found fault with his views on public questions, and because he was not a good donation solicitor.

In his letter of resignation which was handed to the board of trustees, in the afternoon at 4 o'clock, he gave no reason for leaving the position. To a reporter he said last evening he had resigned because he was opposed in his work as the head of the University by two or three members of the board of trustees.

## SOLDIERS DRILLED FOR CORPORAL PLACE

Examination Resulted in the Selection of Robert Brown—Seven Soldier Boys Competed.

Last evening at the Armory seven members of Company I took the examination drill to fill the position of corporal. Those who entered the drill were Privates Farmer, Henth, Brown, Hilton, Burdick, Rauch and Meunchow. The examination resulted in not only drill work, but written and oral work. The examining board consisted of Captain Achterberg, First Lieutenant Baldwin, and Second Lieutenant Thom. The work of the examining board resulted in the selection of Robert Brown. The office of corporal had to be filled on account of the honorable discharge of Corporal Carl Williams, who will be obliged to leave city on account of having accepted a position on the railroad.

## PLAYING FOR THE RICHARDSON MEDAL

Winners in the First Days Golf Match At the Buckleton Links Yesterday.

The first days match play for the Richardson Golf trophy which took place yesterday on the Buckleton links demonstrated to the satisfaction of all concerned that it is not always the old seasoned players that come out on top, the play of all the competitors showed that style and skill are being acquired, and that the advancement of the players will soon allow of their competing with the teams of neighboring clubs, with a good show of success. As compared with previous competitions the play was far ahead, and this fact is very gratifying to the followers of the game. The most marked improvement was shown in the play of the "yearlings" and was a great surprise to the "veterans" who were rather inclined to underestimate their game, but it was developed to their entire satisfaction in yesterday's match, that by giving the youngsters a fair handicap they could put up a game hard to beat. The best play during the match was developed by the four youngest "yearlings." F. P. Baker, Harry Kirkland, Victor Marquiesse and Leo Brownell, all of whom won out with good margin. The weather was perfect for good golf and the course which is under the supervision of Mr. Robert Foulie of Wheaton, Ill., in good condition. The following is the summary:

T. B. Echlin beat F. S. Field 3 up.  
A. Schiller beat F. S. Schell 3 up.  
C. C. Macdonald beat H. J. White 3 up.

## RUNAWAY AT STOCK YARDS

Ed. Parker of the Town of La Prairie Has a Serious Accident.

Last evening about 7 o'clock, Mr. Ed. Parker, of the town of La Prairie, while unloading stock at the C. & N. W. stock yards on Center avenue, met with a serious runaway. The horses took fright at a passing train and started south on a run. In front of Street Commissioner Fredericks' residence they left the street and dashed in among the trees of the broad terrace which lines the street on both sides. After traveling along the terrace for a half-block they collided with a tree, throwing both horses to the ground, badly breaking the harness, wagon and cattle rack and doing considerable damage to the team. The cattle with which the wagon was loaded were dumped into the street, but were soon captured.

## CHARGED WITH THE DEERFIELD CRIME

FITZGERALD AND FLYNN NOW IN MADISON JAIL.

Former Janesville Prisoners Were Taken Through Here on the Mid-Night Train—Evidence Is Not Strong Against Them—Same Pair That Created Excitement Here.

Behind the bars of the Dane county jail are now quartered two prisoners well known to the police of Janesville. These men are "Lefty" Fitzgerald and "Dad" Flynn. The same pair that Sheriff Appleby arrested on the charge of robbing the bank at Milton.

During the past two weeks the prisoners have been confined in jail at Chicago on the charge of robbing the post office at DeKalb, Ill. Now it appears that stronger evidence has been obtained connecting the men with robbing the bank at Deerfield near Madison.

Undersheriff E. F. Burmeister of Madison, went to Chicago to get two men whom he believed were implicated in the Deerfield bank robbery last fall. Mr. Burmeister secured their pictures and a brakeman on the train in which the Deerfield burglars rode the night of the robbery, to whom the pictures were shown, says he can identify them.

## MOON IN A PARTIAL ECLIPSE

Astronomers Able to See Phenomena With Aid of Strong Glasses.

The eclipse of the moon last night was hardly visible to the naked eye, and it was so slight that few gave it any notice. Only a small fraction of the moon's diameter was obscured. At the most, astronomer's say, only one-thousandth part of the moon's disk passed through the earth's shadow. This slight eclipse lasted but seven and one-half minutes. It began at 9:24 and ended at 9:32 o'clock. Under a strong glass the moon appeared as though a small fringe had been torn away from the lower edge of the Asteroid's orb. According to astronomers, the eclipses of this year have little relation to those of last year. The eclipses of the moon however are in a sequence subject to absolute time. An eclipse similar to that of last night will follow in 6,555½ days.

# Insomnia.

*I was Tired but Could not Rest. After long Nights of Tossing and Torture, Relief Finally Came with the Use of*

## Dr. Miles' Nervine.

The suffering and agony endured by the unfortunate person who is deprived of his sleep, can only be appreciated by those to whom a merciful fate has brought the same experience. To lie in bed, minute after minute, hour after hour, night after night, unable to close an eye! To roll and toss and thrash the bed clothes—to walk the floor, back and forth, to and fro, wishing, longing, praying for sleep to come and close the bloodshot eyes, and rest the weary brain! To look ahead and see looming up in the near future the horrible specter of threatening insanity—that awful state in which a person is lost to himself and to his friends forever—these are but a part of the agonies endured by the sleepless one. For all of which there is no better, safer or surer remedy known to man than Dr. Miles' Restorative Nervine. Nothing in the past

has ever equaled it in power of building up weakened nerve tissues and giving strength to the tired body. It searches out the weak parts and gives them new life and vigor.

"I suffered for months from insomnia, and tried two doctors, but got no better. Seeing an advertisement of Dr. Miles' Nervine in the paper I decided to try it. Two bottles completely cured me; and I take pleasure in recommending it to all people who are troubled as I was." Mrs. F. E. KILPATRICK, 50 Greenwood Ave., Detroit, Mich.

"Several years ago I injured my spine, and as a result, I have found it difficult to be about. I was all aching, nervous, suffered with great pain in my limbs and was unable to sleep. Dr. Miles' Nervine together with Anti-Pain Pills knocked the pain higher than a kite and brought sweet, refreshing sleep." F. C. STANLEY, Cambridge, Ohio.

Dr. Miles' Nervine is sold at all drug stores on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

Ambassador to England Receives Degree of LL.D. from Cambridge.

London, June 12.—Cambridge university this afternoon conferred the degree of LL. D. on several distinguished persons, including Joseph H. Choate, the United States ambassador here, and Professor John Williams White of Harvard. In presenting the degree to Mr. Choate, the public orator, Dr. Sandys, briefly touched on the many ties linking the United States and Great Britain, adding that when either country was at war the principles of neutrality proved to be perfectly consistent with the feeling of tacit good will existing between leading statesmen of the nations.

Credit Men's Meeting Opens.

Milwaukee, Wis., June 13.—The fifth annual convention of the National Association of Credit Men opened a three days' session at the Hotel Pfister with 260 delegates in attendance. Addresses of welcome were delivered by Gov. Edward Scofield and Mayor David S. Rose for the state and city, and by Horace M. Batten for the Milwaukee association. Failure of Train Robbers.

Kenosha, Wis., June 13.—What is believed to have been an attempt to hold up an express train on the Northwestern railway one and a half miles south of Kenosha proved unsuccessful. A farmer named Hawes discovered an obstruction at about 10 p. m., and, calling the assistance of his neighbor, Thomas Wallis, five rails were removed before the train nearly due reached that point. The rails are the heavy steel sort used for replacing others worn out and had been left for that purpose. One suspect is now in the hands of the police, but other arrests, will follow. These are all the facts obtainable at the present time.

# HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in earlier life begin to affect the constitution. Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetters, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Saumsville, Va., of a case of Eczema of thirty-five years' standing, after the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

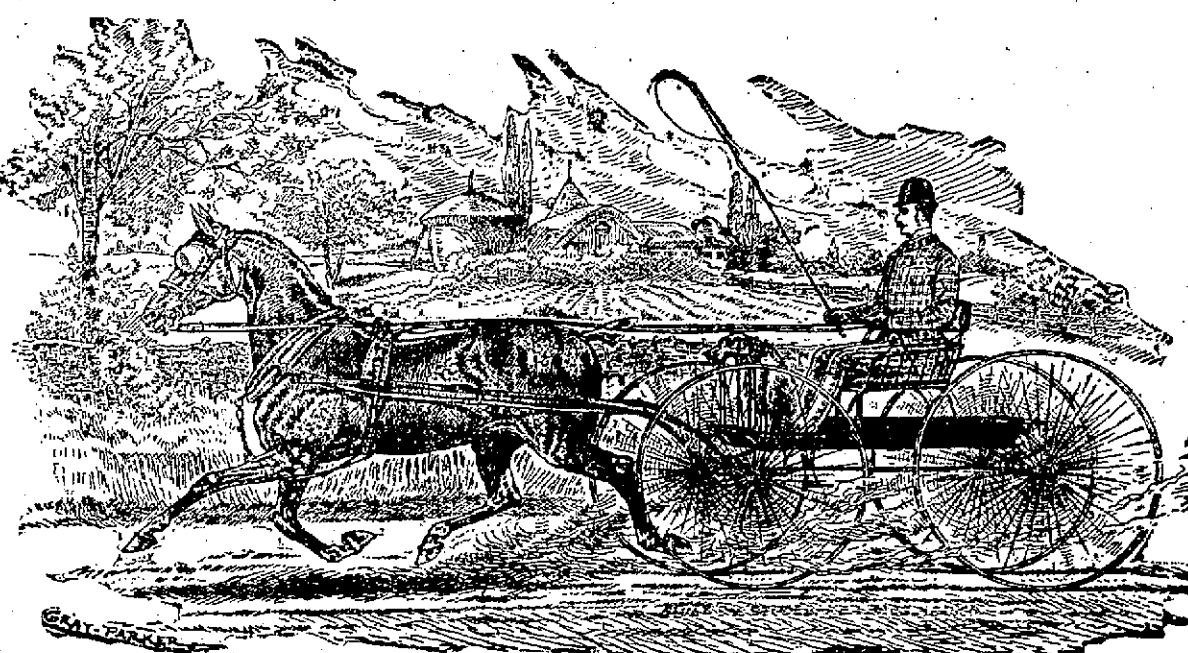

Mrs. D. R. Johnson, of Blackshear, Ga., was for years afflicted with a severe type of rheumatism, and had used every remedy known and recommended as a cure without receiving any benefit. S. S. S. promptly reached the seat of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge. Book on Blood and Skin Diseases sent to any desiring it. Address Swift Specific Co., Atlanta, Ga.

#### Woman's Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so dependent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

### WINE OF CARDUI

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

Just what the job will pay me I am at present unable to answer but it will not be far from the seventy-five dollar mark. When we complete our list we send them to the head man for this section whose office is in Portage."

## BRITISH FEAR FOR METHUEN.

War Office Has No Knowledge of the General's Movements.

## MARCHING ON JOHANNESBURG

It is Stated That General Dewet and 13,000 Boers are Near There—Gen. Buller Forces Almond's Neck—Cabinet Crisis Still Continues.

London, June 12.—The activity of the Boers is causing great uneasiness to the war department. The news of constant fighting and rumors of Boer successes in isolated sections bode ill for an early termination of hostilities. Lack of definite knowledge regarding Gen. Methuen is causing undisguised anxiety. The only information is contained in a dispatch received at the war office from Gen. Forestier Walker, in command of the lines of communication of South Africa. The dispatch, which is dated Cape Town, June 12, is as follows:

"The following is from Kelly-Kenny:

"June 11.—No communication from Methuen since June 7. He was fighting June 6 in the north of Vetchkop. Steyn is near Reitz. The British prisoners sent to Vrede are well treated."

London, June 12.—A plentiful crop of reports has been filtering through Lorenzo Marques. According to these Gen. Dewet, with 13,000 boers, is marching on Johannesburg, the Boers have retaken Bloemfontein, where President Steyn again occupies the presidency. The British have sustained a severe defeat at Elandsfontein, and have also lost 750 killed and wounded and 150 prisoners in a fight at Vredfort. Nothing from any other source lends color to these stories, with the exception of the last, which is probably the Boer version of the disaster to the militia battalion of the Derbyshire regiment at Rooval. A dispatch from Maseru, Basutoland, dated June 1, says President Steyn was then at Vrede, 200 miles from Bloemfontein. It is officially announced that Gen. Buller reports Almond's neck has been forced. The war office posts the following dispatch from Buller:

"Headquarters in Natal, June 11.—We forced Almond's neck today. It isn't marked on the map, but is the last defile to Charleston flats. The enemy were in considerable force, with several guns in position. The brunt of the fighting fell upon the Second Dorsets, who carried the position at the point of the bayonet, and the Third cavalry brigade, who were heavily attacked on our right from very broken country round Hethel mountain. I hope our casualties are less than 100, which, considering the extreme length of the position, is much less than I expected. The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth brigade and Third cavalry brigade did most of the work."

Gen. Buller seems to be making substantial progress and ought soon to possess the railroad at Charlestown, in the northern extremity of Natal, whence, presumably, he will advance on Heidelberg and effect a junction with Lord Roberts.

A dispatch from Lichtenburg, dated June 11, says sixty Johannesburg mounted policemen, with a Maxim gun, surrendered to Gen. Hunter.

A probable explanation of the reports that a British force is moving through Swaziland comes in a dispatch from Port Elizabeth, dated June 11, announcing the return there of the British cruiser Doris from Kosi bay, whither she had taken a number of whaleboats with the object of landing an armed force, presumably part of a plan to penetrate into Swaziland. The Boers, however, got wind of the expedition and the force was not landed.

According to a Cape Town dispatch, the cabinet crisis continues. It is added that should Premier Schreiner secede from the bond, as he threatens, his action would place the bond in the minority in the assembly.

Mr. Schreiner has accepted the resignations of J. X. Merriman, treasurer, and J. W. Sauer, commissioner of public works.

Among the members of the yeomanry killed at Lindley was W. T. Power, proprietor of the Canyon ranch in north Texas, and son of Sir W. T. Power.

## City Is Liable for Damages.

Springfield, Ill., June 13.—In the appellate court for the Third district two important decisions were rendered. In the appellate case of the city of Decatur against John R. Hamilton and others the court holds that the city is liable for personal injuries caused by dangerous appliances used by a street railway company that has been granted the right to operate a railway by electricity, where the city has notice of the fact that such appliances are a menace to the public and has made no effort to abate the danger.

## Union Organizer Assailed.

Chicago, June 12.—Michael R. Grady, an organizer for the International Bricklayers' union, was assaulted by three men in front of Bricklayers' hall, and left for dead on the sidewalk with several gaping wounds in his face and throat. He may recover.

## GOMPER'S GOING TO ST. LOUIS.

Will Try to Settle Street-Car Strike—Mayor Gives Out Cocktails.

St. Louis, Mo., June 12.—President Gompers of the American Federation of Labor has notified Strike Leader Mahon that he would come to St. Louis this week for the purpose of lending his offices to the settlement of the strike. The fund of \$100,000 which the strikers are now soliciting is expected to come mostly from other labor organizations. Boreetts have been established in various parts of the city on members of the posse comitatus and their families. The feeling against the sheriff's posse is very bitter since the battle of Sunday.

No rioting marked the operation of the cars during the day, but in the north and south ends of the city crowds of women and boys hung about the corners and threw stones at the cars. At dusk, in accordance with the mayor's proclamation, children were driven into their homes and the whole available force of deputies and police was stationed along the Southern electric line, which is supposed to run through the most dangerous district of the city. It was the first attempt that had been made to operate this line after dark.

### Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Washington Co., Pa. ## COLOMBIA WAR IS BLOODY.

Revolutionists Fight Desperately to Overthrow Rulers.

## AN ARMY OF 70,000 MEN

Is Ready to Do the Government's Bidding—Revolutionists Are Also Well Organized, Having a Gunboat and Other Vessels.

Washington, June 12.—Although there is much conflict as to the status of the revolution in Colombia, all advice agree that armies aggregating 25,000 or 30,000 men have been facing each other with sanguinary results. The Colombian charge here, Dr. Luis Cuervo-Marquez, says that the official information coming from the Colombian capital shows that the revolutionists had been forced back to the Venezuelan frontier and that contrary advice received by the navy department here referred to local conditions around Panama, unconnected with the main theater of war. He says that the government has an army of 70,000 men at various points and that the main body of about 15,000 men has borne the brunt of recent engagements. They are armed with Mauser rifles, with Remington smokeless powder and have Maxim rapid-fire guns and heavier field guns of the Creusot make.

The revolutionists also have Mausers and Maxims. The revolutionists also have a gunboat and another vessel used for transport and fighting purposes. The government has four gunboats—three on the Atlantic and one on the Pacific side.

The revolutionists are well organized, not only on the field but abroad, with influential friends here. According to their side of the case, as stated by one of their adherents, the conflicting claims of success are due largely to negotiations recently carried on as to the Panama canal. Desirous of securing additional war funds, the government proposed an extension of the canal concession, whereupon the revolutionist agents abroad gave notice that if the war funds were advanced the extension would not be recognized in case of the success of the revolution.

Dr. Cuervo-Marquez says as to this, however, that his government would not resort to a falsification of war news in order to advance its financial condition, and as an evidence of the reliability of the government claims he points out that the dispatches come from his brother, who is minister of foreign affairs at Bogota, and are to a certain extent personal and non-political. He expresses great confidence that the government will maintain its control of affairs.

In official circles it is stated that some of the countries adjacent to Colombia, notably Venezuela, Ecuador and Nicaragua, are lending assistance to the revolution and that its effects may be far-reaching on this account.

It stands alone, it towers above. There's no other, its nature's wonder, a warning poultice to the heart of mankind. Such is Rocky Mountain Tea. 35 cents. Smith's Pharmacy, Kodak agents.

## PLUNGED TO THEIR DEATH.

Three Persons Lost Life in a Burning Building in New York.

New York, June 13.—One of the most disastrous fires in the history of Williamsburg completely destroyed the large building known as the Weidman Cooperage, 63 to 67 North Eleventh street. There were about 100 employees at work when the fire was discovered, ten minutes before 6 o'clock. Of these three are known to be dead, twelve are reported missing and nine are in the Eastern District hospital suffering from severe injuries.

The dead:  
August Benedict; entire body terribly burned; died in hospital.  
John M. Lockwood; six ribs broken; died in hospital.

Unidentified man; body badly burned; precipitated to street when rear wall fell.

The building was four stories high and there were over 100 employees in the place at the time. Many of these leaped from the windows and made their escape. It is said that at least two score of people dropped before the firemen arrived. When they came many were hanging from the upper windows.

## JUDGE ATTACKED BY MANIAC.

Prosecutor of Indianapolis Also Was a Narrow Escape.

Indianapolis, Ind., June 13.—An escaped murderer and lunatic attempted to take the life of Promont Alford, criminal judge of this (Marion) county, and Prosecutor Edward B. Pugh. The would-be assassin was George W. Bennett, who escaped from the hospital for the insane Saturday. Bennett entered the courtroom shortly after court convened and annoyed the court by his incoherent talk. Judge Alford started to the telephone, when he found Bennett at his back with a revolver pointed at his (Alford's) head. Judge Alford gave the alarm and sprang toward his private room, with the maniac after him. Here Prosecutor Pugh appeared and Bennett turned on him. A policeman came running up and caught the fall of the revolver's hammer on his thumb in time to save Pugh. It took four men to overpower Bennett, although he has but one arm. Bennett killed two men at Lafayette in 1889, was sent to prison and afterward transferred to the insane asylum.

## Tornado in Nebraska.

Elk Creek, Neb., June 13.—A tornado did much damage in the farming country west of here. It formed, seemingly, on the Trudy farm, and the funnel-shaped cloud missed this village by about eighty rods. The greatest damage was at the W. J. Blystone farm, where the house was wrecked and barns and outbuildings blown away. The family took refuge in the cellar and escaped.

Damage was also done on the farms of K. H. Boone, E. C. Thompson, and J. W. Parker, but the extent is unknown. Some of the best fruit orchards have been torn to pieces. There is no known loss of life.

## Leopard Escapes Among Elks.

Marion, Ind., June 13.—A leopard escaped from a cage on the Midway at the Elks' state meeting and carnival and frightened the visitors so that they climbed over the high fence and on top of the booths and wagons in their frantic efforts to escape. The leopard had full charge of the Midway for an hour before his keepers succeeded in lassoing him. The business meeting of the state organization was held. Fort Wayne was unanimously chosen for the state meeting next year. J. K. Ritter of Muncie was elected president and William Wilson of Fort Wayne secretary.

## Wife Murder in a Saloon.

Danville, Ill., June 13.—In Ed Blankenburg's saloon Ab Davidson seriously wounded the bartender, William Bath, and then turned and shot his own wife. Davidson had been having trouble with his wife. He left his home and went to the saloon. She entered shortly afterward. Davidson became enraged and stepped behind the bar for a revolver. The bartender objected. It being necessary for him to use force in the tussle, the revolver was discharged and Bath sank to the floor. Davidson then deliberately turned and murdered his wife.

## New Railway for Wisconsin.

Madison, Wis., June 13.—A new link in the Chicago & Northwestern road's system is to be constructed from Princeton, Green Lake county, to Marshfield, Wood county. The articles of organization were filed with the secretary of state, the title of the new line being the Princeton & Northwestern, to run from a connection with the Northwestern at Princeton 100 miles northwest through Green Lake, Marquette, Waushara, Adams, Wood and Portage counties. The incorporators are Northwestern officials.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. I continued to grow worse and I could hardly get about to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 4 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by Smith's Pharmacy, Kodak agents.

HUNDREDS of pounds of fresh chocolates and bonbons in our candy cases. The demand is great. Dedrick Bros.

Two Delegations Are Named.  
Ardmore, I. T., June 13.—The two democratic territorial conventions here were in session until after midnight. The Marcum forces organized and elected six delegates to the democratic national convention at Kansas City and instructed them for Bryan. Thomas Marcum was elected national committeeman from Indian Territory. The Wolverton faction elected A. J. Wolverton of Ardmore as national committeeman and also six delegates to the national convention.

Train Dispatchers' Convention.  
Atlanta, Ga., June 13.—The thirteenth annual convention of the Train Dispatchers' Association of America was begun here, C. S. Evans of the Western & Atlantic railway, presiding. One hundred dispatchers, representing many railroads, were present. Gov. Candler of Georgia welcomed the dispatchers. President F. N. Schuit of Garrett, Ind.; Vice-President J. R. Lusk, New Castle, Pa., and Secretary-Treasurer John F. Mackie of Chicago, responded.

## Yanger Stands Off Dixon.

Chicago, June 13.—George Dixon found Youngster Yanger a pretty hard customer at Tattersall's, and the best the battle-scarred old-timer of the ring could get with the lively Italian lad was a draw. It was six rounds of the prettiest fighting that has been seen here in a long time, and while "Little Chocolate" had a faint shade the better of clean hitting, the other was fighting throughout with such vigor that he well deserved an even thing.

## Comes from Darkest Africa.

London, June 13.—Dr. Donaldson Smith, the Philadelphia explorer, who recently reached Cairo in good health, had a remarkable journey from Berbera to Lakes Rudolf and Stefanie. From Uganda he was conveyed down the Nile to Khartum in an Anglo-Egyptian gunboat, the first vessel to traverse the upper Nile since the cutting of the Sudd. Dr. Smith accomplished much interesting work in hitherto unexplored regions.

## Killed an Innocent Man.

Sioux City, Iowa, June 13.—Word was received from Sturgis, S. D., that Private Cole and Ripley, prisoners doing long terms for deserting, escaped from the guardhouse at Fort Mead by heaving their way through the floor. An hour after the discovery of the escape Private Jack O'Donnell of troop I came down the road and it is claimed was ordered to halt. It being more than halting distance he evidently did not hear, and instantly five shots were fired by the sentries, killing him instantly. O'Donnell was an old English cavalry man, just returned from service in Cuba. The officer of the guard was Lieut. Fitzhugh Lee, Jr., son of Gen. Fitzhugh Lee.

## A Fine Baby

Makes any mother proud. There are a great many proud mothers whose children have been puny and sickly until they began the use of Dr. Pierce's Favorite Prescription. That medicine which "makes weak women strong" has given them the strength to bear hearty, and healthy children for the first time.

"Six years ago after the birth of one of my children I was left in a weak run down condition," says Maria O. Hayzel, writing from Brookland, D. C. "My health seemed utterly gone. I suffered from nervousness, female weakness and rheumatism. Life was a burden. I doctored with three different physicians and got no relief. I tried several patent medicines, all with the same result. I began to get worse and to add to the complications I suffered terribly from constipation. I chanced to see one of your advertisements and I commenced to take Dr. Pierce's Favorite Prescription and 'Pleasant Pellets' and began to improve right away, and continued improving and gaining in strength. I cannot express the relief it was so great. Seven months later my little daughter was born without much trouble. I feel that I would never have been able to endure my confinement only by the help due solely to Dr. Pierce's medicines. She was a fine healthy child and the only one I have ever been able to nurse. She is now two years old and I have never had to take any medicine since, so I feel that your medicine has made a lasting cure with me."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper binding, or 31 stamps for cloth. Address Dr. R. V. Pierce, Buffalo N. Y.

## Second and Last Auction Sale of FOREST PARK LOTS...

Thursday, June 21, at 2:00 P. M.

At our May 19 Auction Sale we disposed of twenty-nine lots at very low prices. Some of the buyers have since been offered an advance over the price they paid. Among the buyers were J. M. Bostwick, James Fathers, City Treasurer; W. J. McIntyre, late County Clerk; and Judge Fifield, of the Municipal Court; James McKewan and W. W. Watt. These men know what real estate in the Third Ward is worth and they bought as a speculation. We have twenty-four beautiful lots left and will close them out at auction on Thursday, June 21, at 2 o'clock P. M. They are described as follows, to-wit:

Lot 11, Block 1, Jefferson ave., is a very fine lot facing the east and is the third lot north of Norcross street.  
Lot 6, Block 3, is on the east side of the boulevard, just north of and adjoining Mr. Witherell's fine residence.  
Lot 4, Block 6, has the least value of any lot named in this list; it fronts Garfield ave., and is north of the Holdrege property; it is however, a very pretty lot.  
Lots 2, 3 and 4, Block 5, front west on Garfield ave., and are very fine lots; very near to the city. Across the ravine and east of Arthur Harris' elegant home.  
Lots 1, 2, 3, 4 and 5, Block 10, are beautiful lots, 8 rods front; 10 to 12 rods deep, plenty of good oak trees; near the street car line and facing east on the boulevard.  
Lots 1, 2, 3, 6, 7 and 8, sub-div. Block 2, are in the southerly part of the Park—three of them face Bostwick ave., and Grace Court and the other three face South on Racine street.  
Lots 2, 3, 4, 5 and 6, sub-div. Block 1, are between Bostwick ave. on the east and the Blvd. on the west. They are 80 ft. wide, except lot 6, which is 4 rods wide on the Boulevard. They are from 165 ft. to 180 ft. long and have a front on Bostwick ave. of from 53 1/2 ft. to 66 ft. 3 inches on Bostwick ave., with plenty of good trees.  
Two of these lots would make a real homestead, away from the noise and dust of the railroads and shops—a splendid place for children.  
Lots 11 and 12 on Block 11, are south of Alderman Gilkey's homestead, and east of Wallace Carrier's fine lots. They are on the corner of Wells St. & Garfield ave. These lots will be sold at the buyers' price, and will prove an excellent investment.

Each lot for sale has a red tag, giving number of lot.  
**Every Lot will be sold to the highest bidder** and there will be no "by bidding" whatever. There will never again be such an opportunity to procure first-class lots at such low prices.  
TERMS: 5 per cent. discount for cash; or, 2-5 cash and 2-5 of purchase price in one year with interest at 6 per cent., and the remaining 1-5 in two years at 6 per cent. interest. Notes secured by mortgage.

That portion of South Second street, which extends from the easterly side of South Main street to the westerly side of Wisconsin street, in the Third ward, being about 360 lineal feet; and that portion of South Jackson street, which extends from the easterly side of Wisconsin street to the westerly side of Pleasant street, in the Fifth ward, being about 320 lineal feet, all to be graded to a sub-grade, and surfaced with macadam, together with curbing and gutters, according to said respective specifications.

Work shall be commenced on said streets on or before the 10th day of July, 1900, and the whole work shall be completed on or before the 21st day of August, 1900, failing in which the respective contractors shall pay to the city of Jamesville, as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Direction to Bidders.  
Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who shall be free holders of the state of Wisconsin, and shall justify as to their responsibility and ability to complete the work, that they are worth in the aggregate at least the amount of the entire contract price in property not by law exempt from execution. Surety companies approved by the Street Assessment Committee will be accepted in lieu of personal sureties.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, with the exception of the signatures on the part of the city.

This is a positive requirement of the CHARTER AND BY-LAWS of the city of Jamesville, and bids not complying with the above requirement will not be considered.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details thereof, stating therein prices respectively per square yard of macadam pavement, including grading, per lineal foot for furnishing curbing and gutters, and for gutter in place, under said specifications, profiles and plans.

No bid will be considered that does not contain prices for each item of work, and the whole work shall be completed on or before the 21st day of August, 1900, failing in which the respective contractors shall pay to the city of Jamesville, as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities named in the specifications.

All bids and the accompanying contract and bond must be written on the blanks prepared by the undersigned for the purpose, and prices should be stated in figures and in words.

All bonds must have attached thereto internal revenue stamps to the amount of fifty cents. All bids should be marked on the envelope, "Street Assessment Committee" with the name of the street marked thereon, on which such bid is made, and filed in the office of the street assessment committee, in the city clerk's office, in said city.

N. B.—Blanks for proposals and blank contracts and bonds will be furnished on application to the city clerk.
